

*We unite mind to mind and heart to heart in prayer.*

*We create a world of radiant life and lasting peace as we awaken to the power of God within. In the secret place of our souls, we center ourselves in God's love and peace.*

*We bring to mind our human family. We enfold all people in thoughts of love and peace and affirm our faith in the power of God to guide, protect and heal.*

*On this day, September 11, 2011, we join in faith with others around the world, to bring about greater expressions of peace everywhere and in every heart.*

*Amen.*
